

To Our Valued Clients & Business Partners:

SILKEBORG, Denmark — March 20, 2020 —SCADA International has been monitoring and continues to monitor the impact of the COVID-19 virus. Our firm has taken and will continue to take all proactive measures recommended to prevent the spread of the virus within our work environment. Our priority is the health and safety of our employees, customers, and vendors.

We are prepared to continue our operations throughout the duration of this unprecedented public health situation. Our office has for some time now already made the transition to work remotely from home. Our production facilities are divided into teams working separated from each other, and we assure you that we will remain fully operational in the event a team member is infected.

Our organization is able to help you as we have in the past. We have procedures in place to do just that and are committed to assisting you and other customers while we wait out the disruption caused by the pandemic.

As always, we appreciate your continued trust and confidence in SCADA International.
